RE: Your July 30, 2015, 1:26 PM email to me that Geospace Technologies will respond for Oyo Corporation (see attached General Notice Letter).

Mr. Lewis,

During our phone conversation a few minutes ago you acknowledged that you have not submitted a response from Geospace Technologies Corporation, i.e., your client, for Oyo Corporation to the U.S. Environmental Protection Agency (EPA).

I suggested, and you agreed, that you could meet with your client and thereafter have your client's response to the EPA not later than January 7, 2016.

This email advises you that the response from Geospace Technologies Corporation, i.e., your client, for Oyo Corporation is now due to the EPA no later than January 7, 2016.

Robert (Bob) Werner

Enforcement Officer
